

## **ST PETERS LUTHERAN COLLEGE:**

### ***FIRST TEST CENTRE IN AUSTRALIA TO IMPLEMENT ICDL ADVANCED***

The ICDL Unit is proud to announce that St Peters Lutheran College is the first test centre in Australia to conduct ICDL Advanced Testing.

Three Year 10 students - Alex Choros, Adam Hardiman and Bryce Muchow – have successfully passed the ICDL Advanced Module 6 (Presentations) test. These three students were the first in the country to complete an ICDL Advanced Certification having earlier this year completed their ICDL core certification.

ICDL Advanced is a higher-level program certifying mastery of elements of the ICDL core. Essentially, it is the logical progression for individuals who have achieved their core ICDL certification and who wish to further enhance their skills and to demonstrate their competence in using a computer at a higher level.

If you are interested in offering the advanced modules please contact Scott Hansen on [scott.hansen@acs.org.au](mailto:scott.hansen@acs.org.au)
